

Download Ingersoll Rand T30 2475 Parts Manual

Ingersoll-Rand. We recommend you retain this manual, and all publications provided with your air compressor, in a location which is accessible to all personnel who operate and service your compressed air equipment.

APPLICATION _____ Ingersoll-Rand's standard two-stage lubricated air compressors are single-acting, air-cooled machines. Ingersoll Rand air compressors are made with superior components and backed by our worldwide parts and service organization, providing the support you need to keep your business running. We stand behind our products and services and beside our customers during planning, installation, and maintenance. All-Season T30 Select lubricant, air filter elements, gaskets, drive belts, and instructions are standard with all maintenance paks. **PART NO. DESCRIPTION** 38485082 PAK, MAINTENANCE.

VIBRATION ISOLATOR PADS Vibration isolator pads are designed to absorb 40%-60% of the sound and vibration of your compressor. The parts listed below are replacement parts for Ingersoll Rand Type 30 Model 2475. All replacement parts meet and/or exceed the original manufacturers specifications. If you don't see the part you need, please call toll free: 866-650-1937 and we'll locate the parts.
