I endeavour to offer for sale machinery and accessories that are in my considered 'opinion' very good to excellent condition or good value for money considering their age, plus hopefully, some interesting/unusual items.?Did I do right, gents? Many of you will recall that one month ago I solicited opinions on the relative merits of a Myford Super 7 versus a Wabeco D6000. I had limited my choice to those two lathes because of a 48" length limit. Opinions were quite varied on the merits of a Myford with a few ...
