

Download Valero Refinery Assessment Study Guide

With JobTestPrep and our Valero Prep Pack, you will be able to get to the top of the candidates' list with a strong showing on the assessment test. You will get there with our sample practice tests, detailed explanations and study guides. Plant Operator Selection System Practice Test. The Plant Operator Selection System (POSS) test is an exam designed by the Edison Energy Institute (EEI) to assess your aptitude and skills with relation to power plant operations positions, such as those in fossil, hydroelectric, or nuclear power plants. The exercises in the POSS SECRETS Study Guide simulate actual test batteries. Technically accurate and easy-to-understand, the SECRETS Study Guide offers clear explanations of mechanical concepts and provides detailed instructions for manipulating three-dimensional figures.
